

Author Index - F

- FAIRBANKS, George R.- Florida freezes for century and a half, 23:336-37
- FAIRGRIEVE, James- Suggestions as to conditions precedent to occurrence of Summer thunderstorms, 46:180; 47:394-95
- FAIRGRIEVE, M. McCallum- Use of climograph as test for weather, 47:495
- FALLON, W.H.- Frosts of April 6-9, 1898, 26:140
- FARIS, R.L.- Tides of solid earth observed by Hecker, 36:166-69
- FARRELL, W.A.- Pampero of Jan. 1, 1930, in Paraguay, 58:37
- FASSIG, Dr. Oliver L. - Automatic cloud photography, 24:456-57
- _____ Average annual rainfall at Porto Rico, 37:982-86
- _____ Frequency of hurricanes in vicinity of Porto Rico, 58:326-27
- _____ Guilbert's rules for weather prediction, 35:210-11
- _____ Kite flight of April 5, 1906, at Mount Weather Observatory, 34:125-26
- _____ Kite flying in tropics, 31:582-87
- _____ Meteorological work of expedition to Bahamas, 31:320
- _____ Meteorology at Johns Hopkins University, 26:306
- _____ Normal temperature of Porto Rico, 39:299-302
- _____ Period of safe plant growth in Maryland and Delaware, 42:152-58
- _____ Pilot-balloon observation at San Juan, Porto Rico, 52:22
- _____ Proceedings of meteorological congress held at Chicago, Aug. 21-24, 1893, 21:227
- _____ Remarkable fall of hail in Maryland, [il], 43:446-48
- _____ Revolving cloud camera, [il], 43:274-75
- _____ San Felipe- hurricane of Sept. 13, 1928, at San Juan, P.R., 56:350-52
- _____ Signal corps school of meteorology, 46:560-62
- _____ Statistics of state weather services, 23:209-12
- _____ Tentative chart of annual rainfall over island of Haiti-Santo Domingo, 57:296
- _____ Trade winds in Porto Rico, 39:796-99
- _____ Tropical rains- their duration, frequency, and intensity, 44:329-37
- _____ Waterspout at close range, 30:302
- _____ Westward movement of daily barometric wave, 29:495-96
- _____ Work of U.S. Weather Bureau in West Indies , 47:850-51
- _____ Ziegler relief expedition, 33:438
- _____ 's discussion of Henry's "Frequency of tropical cyclones that approach United States", 57:331-32
- FATH, E.A.- Zodiacal light, 57:253
- FAUTRAT's paper on influence of forests over rainfall, May 1880:15-16
- FEATHERSTONE, W.B., observations of, 22:128
- FEDEROV, E.E.- Das Klima als Wettergesamtheit (climate as totality of weather), 55:401-02
- FELDKAMP, Cora L., and W.G. REED- Selected bibliography of frost in United States, 43:512-17
- FELDWISCH, Walter F.- Probabilities of 0.10 inch, or more, of rainfall at Springfield, Ill., 52:581-83
- FELLOWS, A.L.- Duty of water, 38:1575-76
- FERGUSON, A., and N. THOMAS- Evaporation from circular water surface, 46:179-80
- FERGUSON, F. K.- Interconversion of centigrade and fahrenheit scales, 35:438

- FERGUSON, Prof. S.P.- Corrective note on rain-gages, 50:20
- _____ Design of rain-gages, 50:82
 - _____ Early use of wire in kite flying, 25:135
 - _____ High kite ascension at Blue Hill, 24:327-28; 25:392
 - _____ Improved gages for precipitation, [il], 49:379-86
 - _____ International comparison of standard barometers, 62:364-66
 - _____ Kite experiments at Blue Hill Meteorological Observatory, 24:323-27
 - _____ New aerological apparatus, [il], 48:317-22
 - _____ New correction-scale for mercurial barometers, 49:289-93
 - _____ Recent contributions to hygrometry, 55:398-400
 - _____ Results of observations of clouds during solar eclipse, June 8, 1918, 47:149-50
 - _____ Value of high-level meteorological data in forecasting changes of temperature, 48:86-87
 - _____ 's discussion of Samuels' "Reliability of hair hygrometers", 53:535-36
 - _____ 's sounding-balloon meteorographs, records of, agreement in, Samuels on, 59:238-39
 - _____ and C.F. BROOKS- Heights of cumulus clouds forming over fires, 47:147-49
 - _____ and R.N. Covert- New standards of anemometry, 52:216-18
 - _____ and P.C. DAY- Great snowstorm of Jan. 27-29, 1922, over Atlantic coast states, 50:21-24
 - _____, W.R. GREGG, and L.T. SAMUELS- International aerological soundings at Royal Center, Ind., 55:293-307
 - _____, and KIMBALL, H.H., - Weather Bureau observations in connection with solar total eclipse of June 8, 1918, 46:167
- FATH, E.A.- Zodiacal light, 57:253
- FAUTRAT's paper on influence of forests over rainfall, May 1880:15-16

 - _____ Value of high-level meteorological data in forecasting changes of temperature, 48:86-87
 - _____ 's discussion of Samuels' "Reliability of hair hygrometers", 53:535-36

_____'s sounding-balloon meteorographs, records of, agreement in, Samuels on, 59:238-39
 _____ and C.F. BROOKS- Heights of cumulus clouds forming over fires, 47:147-49
 _____ and R.N. Covert- New standards of anemometry, 52:216-18
 _____ and P.C. DAY- Great snowstorm of Jan. 27-29, 1922, over Atlantic coast states, 50:21-24
 _____, W.R. GREGG, and L.T. SAMUELS- International aerological soundings at Royal Center, Ind., 55:293-307
 _____, and KIMBALL, H.H., - Weather Bureau observations in connection with solar total eclipse of June 8, 1918, 46:167
 FERNOW's , Prof. B.E., letter on improvements in rain gages, 30:224-25
 _____'s letter on relation between rainfall and tree growth, 30:225
 FERRAZ, J. De Sampaio-- Brazilian meteorological service, 1921-23, 51:68-69
 _____ Meteorological summary for Brazil, Nov. 1925, 53:499
 _____ Meteorological summary for Brazil, 1925-26, 54:16, 63, 111
 _____ Meteorological summary for Brazil, 1927, 55:187, 239, 272, 328, 365, 414, 462, 500
 _____'s retirement of, 54:111
 FERREL, Prof. William- Influence of high land on monsoons, 23:215
 _____, memory of, 26:457-58
 _____'s doctrine of polar calms, Hobbs on, 43:609
 _____'s psychrometric formula, Marvin on, [il], 34:209-12
 FESLER, John H. - Rainfall of Amoy, China, 30:486
 FICKELER, Paul- Establishment of meteorological stations in Mongolia, 54:386
 FICKER, Heinrich- Influence of Alps on pressure over Mediterranean sea, 49:510-11
 _____ Structure of compound depressions, 49:652
 _____ Variability of temperature in valleys and on mountain tops, 49:462
 FICKER-GRAZ, H- Variability of temperature and departure from monthly mean, 48:468-69
 FIELD, J.H., retirement of, as director-general of India meteorological observatories, 46:417
 FINCH, Ruy H.- Alabama earthquake of Oct. 18, 1916, 44:690
 _____ Effect of vegetative evaporation on rate of seasonal temperature changes, 49:206-09
 _____ Fish killed by cold wave of Feb. 2-4, 1917, in Florida, 45:171-72
 _____ Government safety-first train, 1916, [il], 44:459-60
 _____ Meteorology in naval aviation service overseas, [il], 47:227-28
 _____ Missouri earthquake of April 9, 1917, 45:187-88
 _____ North Carolina earthquake of Aug. 26, 1916, 44:483
 _____ Prediction of tidal waves, 52:147-48
 _____, T.A. JAGGAR, and O.H. EMERSON- Lava tide, seasonal tilt, and volcanic cycle, 52:142-45
 FINLEY, Lieut. J.P.- Tornado studies for Aug. 1816, 14:224-25
 _____ Tornado studies for Sept. 1886, 14:257-59
 FINNEY, Dr. J.R.- Description of lunar halo at fort Berthold, N. Dak., Feb. 11, 1894, 22:76
 FISCHER, Karl T. - Barometer needed in balloon voyages, 28:552-53
 FISH, George V.- Record rainfall for Miami, Fla., 58:251-52
 _____ Record short-period rainfalls in Florida, 59:426-28
 FISHER, D.- Flood in Savannah river, 36:233
 _____ Tornado of March 20, 1895, at Augusta, Ga., 23:92-93
 FISHER, George- Use of kite to obtain temperatures, 25:163-64

FISHER, Lawrence C.- Floods, earth and snow slides, and ice storm..., 63:58
 _____ Precipitation averages for state of Washington, as affected by habitability, 62:241-43
 _____ Snowfall on Mt. Rainier, Wash., [il], 46:327-30

FISHER, Willard J, - Waterspouts observed off Cape San Lucas, 43:550-51

FITTON, Edith M.- Climate of Alaska, 58:85-103
 _____ and C.F. Brooks- Soil temperatures in United States, 59:6-16
 _____ and C.F. BROOKS- Weekly succession of Gulf Stream temperatures in straits of Florida, 458:273-80

FITZPATRICK, R.Z. - Dry season, 1921-22, in Canal Zone, 50:255

FLAHERTY, Robert J.- climate of Belcher Islands of Judson Bay, 48:163-64

FLAMMARION, Camille- Moon blameless, 37:130-31

FLANDERS, Verna B.- Use of charts and graphs in study of climate, 50:481-84

FLETCHER, Edgar H.- Floods in Sacramento Valley during April 1935, 63:135-37
 _____ Melon frost forecasting in Umpqua valley, Ore., 59:230-32
 _____ Squalls with rising barometer at Roseburg, Ore., 57:158-159

FLINT, Dr. Earl- Rainfall in central and western Nicaragua, 27:587
 _____, Rainfall at Rivas, Nicaragua, 26:304-05

FLINT, Howard R.- How weather forecasting can aid in forest fire control, 51:567-69

FLORA, S.D.- Damage to wire service by heavy snowstorm in Kansas, 50:142-44
 _____ Drought of 1910 in Kansas, 38:1704
 _____ Drought of 1913 in Kansas, 41:1435-36
 _____ Drought and hot weather of 1911 in Kansas, 39:1383
 _____ Electric storms in western Kansas, 40:895
 _____ Electrical storm of March 23, 1913, in Kansas, 41:416
 _____ Excessive heat and death rate in Kansas, 63:16
 _____ Hailstorms of 1929 in United States, 57:509-10
 _____ Hourly precipitation at Topeka, Kan., 52:211-12
 _____ Kansas tornadoes, [il], 47:447-48
 _____ Kansas tornadoes, 1914-28, 56:412-15
 _____ Lowering of Kansas river channel at Topeka, Kan., 51:14-16
 _____ Probable cause of electric storms in western Kansas, 41:894
 _____ Shading instrument shelters, [il], 48:271-72
 _____ "Snowball" hail at Topeka, Kan., March 3, 1920, 48:157
 _____ Solar halos as seen at Topeka, [il]m 42:272
 _____ Tornado of June 3, 1927, near Topeka, Kan., 55:270
 _____ Tornado clouds at Topeka, Kan., June 16, 1926, 54:262
 _____ Tornadoes in Kansas, 57:97-98
 _____ Tornadoes in Kansas, 1859-96, 43:615-17
 _____ Unusual disappearance of glaze at Topeka, Kan., 50:24
 _____ What tornado looks like, 57:337-38
 _____ Widespread menace of hail, 56:17
 _____ Winter indoor aridity in Topeka, Kan., 45:231-35
 _____ and C.L. BUSH- Damage by hail in Kansas, 45:359-61

FOBES', Prof., edition of Aristotle's Meteorology, 47:417-18

FOERSTER, Max H., and A.J. JAENICKE- Influence of western yellow pine forest on accumulation and melting of snow, [il], 43:115-26

FOLLANSBEE, Robert- Investigation of water resources of Minnesota, 39:371-72

FOOTE, Paul D.-Some characteristics of Marvin pyrliometer, 46:499-500

FORD, Seabury- Great drought of 1845 in northern Ohio, 23:293-94

FOREL, Prof. F.A.- Gyrotory movement of cyclones, May 1879:15

_____ Oscillations of lake level, 28:446

_____ Refractions and mirages on Lake Geneva, 24:372

FOSCUE, Edwin J.- Climate of lower Rio Grande Valley of Texas, 60:207-14

_____ Rainfall maps of Cuba, 56:170-73

_____ Unusual snowstorm in Texas, 58:108-12

FOSTER, William, Jr.- History of weather telegraphy, 27:17

_____ Rhode Island weather, 26:565

FOUASSIER, M. And A. TRILLAT- Apparatus for study of formation and persistence of fog, 48-161

FOWLE, Frederick E.- Atmospheric transparency for radiation, 42:2-4

_____ 's paper on atmospheric ozone, Kimball on, 57:58

_____, C.G. ABBOTT, and L.S. ALDRICH- confirmatory experiments on value of solar constant..., 43:212-13

_____, C.G. ABBOTT, and L.B. ALDRICH- Solar variability, 44:328

FOWLER, Prof. A., and A.J. STRUTT- absorption bands of atmospheric ozone in spectra of sun and stars, 45:443

FRANKENBERGER, E.- High flights of sounding balloons, 59:237-38

FRANKENFIELD, Harry C.- Experiment station at Wagon Wheel Gap, Colo., 38:1453-54

_____ Floods of 1927 in Mississippi Basin, [il], Suppl. 29

_____ Floods and flood problems, 27:405-09

_____ Fog forecasting in United States, 43:607-08

_____ Further data on tropical storm of July 12-22, 1916, 44:522

_____ November floods in New England and eastern New York, 55:496-99

_____ Sleet and ice storms in United States, 43:608

_____ Snowfall and water equivalent, 33:99-100

_____ Spring floods of 1922, [il], Suppl. 22

_____ Tornado of May 27, 1896, at St. Louis, Mo., 24:77-81

_____ Tornadoes and windstorms of May 25-June 6, 1917, [il], 45:291-98

_____ Tropical storm of Aug. 10, 1915, [il], 43:405-12

_____ Weather forecasts in State of Missouri, 23:292-93

_____, appreciation of, by Schokalsky, 57-472

_____ 's paper on 1927 floods in Mississippi Valley, Henry's review of, [il], 55:437-52

_____ 's "Spring floods of 1922", Henry's abstract of, 51:20-24

FRANKLIN's, Benjamin, kite experiment, McAdie on, [il], 56:216-19

_____ 's risk with lightning, 47:463

FRANKLIN, Dr. H. J.-Cape Cod cranberry frosts, Suppl. 16:20-30

FRANKLIN, T. Bedford- Cooling of soil at night, with special reference
To late Spring frosts, 48:639-40

_____ Notes on fluctuations of mean sea level..., 47:105

_____ Relation of soil colloids to conductivity of soil, 49:93

FRANKLIN, Prof. William S.-Arrangement of lightning rods, [il], 32:13

_____ Much needed change of emphasis in meteorological research, 46:449-53

FRANTZEN, L.P.- Man-carrying kites for meteorological work, 47:452
FRANZE's, Bruno, "Precipitation in South America", Reeds review of, 55:364
FRAZIER, Rex D.- Early records of tropical hurricanes on Texas coast in vicinity of Galveston, 49:454-57
FREEMAN, W.B.- Flood on San Juan river, Sept. 1909, 37:648-49
_____ Water-power resources of Colorado with special reference to stream flow, 38:925-26
FREEMAN, Dr. Otis W.- Evidence of prolonged droughts on Columbia plateau..., [il], 57:250-51
FREEMAN, Dr. Otis W.- Rainfall map of State of Washington, 58:422-23
_____ Severe dust storms over Idaho, Washington, and Oregon, 58:117
FRENCH, George M.-Hourly rainfall at Los Angeles, Cal., 52:583
_____ March temperature and following season's precipitation in coastal Southern California, 55:130-31
_____ Meteorological conditions attending heavy rainfall in Los Angeles, Cal., area, Dec. 30, 1933 to Jan. 1, 1934, 62:94-96
_____ Windstorm in Los Angeles area Nov. 22, 1930..., 59:223-25
FRIEND, Prof. Charles W.- Earthquakes at Carson city, Nev., 28:64-65
_____ Seismograph at observatory at Carson City, Nev., [il], 28:245
FRIEZ aerometeorograph, pressure effect on, Harrison, on, [il], 61:140-41
_____, pressure elements of, temperature effect on, Ballard and Drawbaugh on, 62:53-54
FRITZ, Prof. H.- Periods of solar and terrestrial phenomena, 56:401-07
FROG, Father, award of cross of Legion of Honor to, 49:303
FROST, Reuben L.- Climatological review of Alaska-Yukon plateau, 62:269-80
_____ Winter of 1932-33 at Fairbanks, Alaska, 61:329-30
FUJIWHARA, S.- abnormal propagation of sound waves in atmosphere, 44:436-39
_____ Horizontal rainbow, 42:426-30
_____ Pressure maps at three kilometers in Japan, 49:571-72
_____ and H. NAKANO- Notes on iridescent clouds, 48:333
FULKS, J.R.- Rate of precipitation from adiabatically ascending air, 63:291-92
_____ Violent local storm in Nevada, July 24, 1931, 59:353
FULLER, Merton L.- Dr. Friedrich Bundel, 40:1814
_____ Snow rollers at Canton, N.Y., [il], 35:70-71
_____ Thunderstorms of May 28, 1911, at Pekin, Ill., 39:697
_____ Use of clouds in local forecasting, 47:473-74
FULLER, W.D.- small tornado at Thrall, Tex., May 14, 1923, 51:263
FULTON, Prof. Weston M.- Fulton automatic river gage at Chattanooga, Tenn., [il], 31:185-86
